

# Social and Emotional Learning Courses

Help students in grades 6–12 develop productive attitudes and prosocial behavior

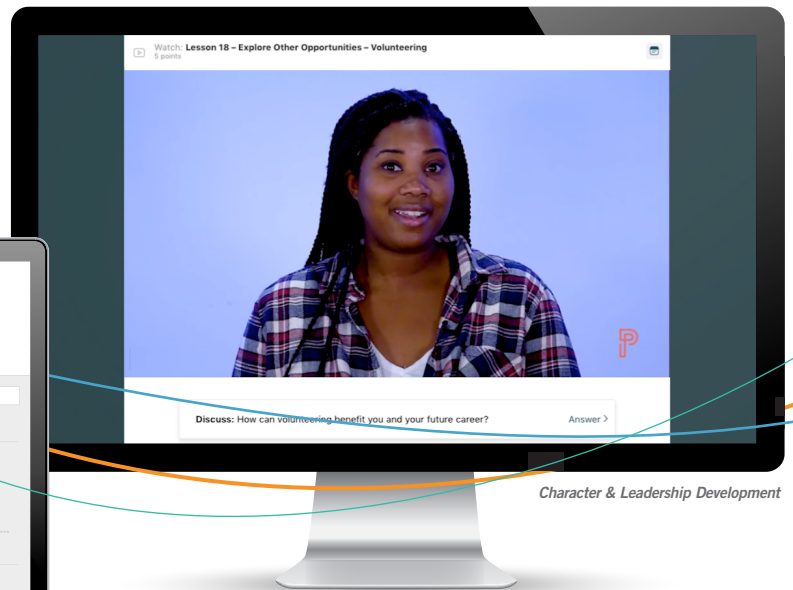

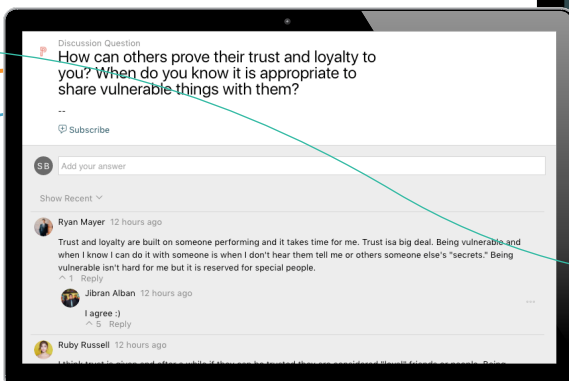

Incorporating social and emotional learning (SEL) in the classroom not only increases academic success, but also improves students' attitudes toward school, and reduces stress, anxiety, and depression.

In partnership with Purpose Prep, Edgenuity is excited to offer six new SEL courses and a bonus technology course\* for middle and high school students:

- Character & Leadership Development
- College & Career Readiness
- Intro to Today's Technology\*
- Mental Health & Wellness
- Personal Development
- Social & Emotional Success
- Unlock Your Purpose

## Personal Development

Character & Leadership Development

\*In addition to our six SEL courses, every SEL content suite license also includes the bonus course "Intro to Today's Technology," which can be delivered as a stand-alone course, or its modules can be integrated into your SEL program however you choose.

Each SEL course is aligned to core competencies outlined by the Collaborative for Academic, Social, and Emotional Learning (CASEL) and is designed to provide middle and high school students with a deeper understanding of their own personal development.
