

# Flexible Online Curriculum for Full-Time Virtual K–5 Students

Experienced teachers, virtual classrooms, real learning. We've got you covered.

Engage your youngest students in meaningful learning and application with standards-aligned, fully virtual curriculum that **helps them develop a lifelong desire to learn.**

Edgenuity® offers curriculum for elementary-school students who complete all their learning online. This curriculum consists of **over 30 courses** and can be taught by Edgenuity's highly qualified, state-certified virtual instructors. Flexible enrollment and delivery options support all students, including those who are homebound or on IEPs or 504 plans, helping you maintain student enrollments.

Students work through age-appropriate, fun lessons with complete control over their personalized learning environment and access to tools that support their learning, including text to speech, audio and translation, text and picture dictionaries, and more. Each course also includes supports for the learning coach—a parent or other adult that facilitates and supports the student in his or her course. And educators can easily monitor student grades, progress, and performance with usage statistics, grading and feedback tools, curriculum maps, communication tools, and more.

# Elementary School Online Curriculum Course List

Edgenuity offers over **30 standards-aligned courses** for K–5 students who complete all of their learning online. Student learning is supplemented with offline worksheets, and explicit support for learning coaches helps them assist students with their coursework.

With this curriculum, you're giving all of your students a well-rounded, high-quality education and more ownership over their learning, which is one of the first steps in developing a lifelong desire to learn.
