Detailed Schedule

This schedule is a recommended pacing chart for the course. It shows the sections, tasks, assignments, and points possible. Each section is designed to be completed in about one week's time for a 16 week course. However, if you have less time to complete the course, you may need to move through the sections more quickly. Your teacher may also have a set schedule he/she would prefer you to use. Check with your instructor if you have any questions.

Upload Assignment = indicates that you must type your assignment in a document or other format, as specified and submit it or upload in the course.

Electronic Assignment = indicates that you can type your response directly into the space provided in the course.
