 Professional Development + Coaching		On-site and online training that fosters best practices.	

Personalized Learning at All Grade Levels

ONLINE + BLENDED LEARNING

Core Curriculum

Edgenuity offers online courses for grades 6–12 in language arts, math, science, social studies, world languages, electives, CTE, AP®, and dual credit.

Credit Recovery

Edgenuity's credit recovery courses for grades 6–12 provide a self-paced online experience that allows students to test out of content they have already mastered in order to recover credits efficiently.

Supplemental Instruction

Hybridge (for elementary school) and UpSmart (for middle school) offer targeted, online instruction that complements classroom instruction to build grade-level skills in reading and math.

INTERVENTION

Pathblazer (for elementary school) and MyPath (for middle and high school) provide data-driven, targeted intervention to close gaps in math and reading. Both programs integrate with NWEA® MAP® Growth™, Scantron® Performance Series®, and Renaissance Star 360® to allow districts to leverage data they already have.

TEST READINESS

UpSmart is a companion to any core curriculum and is designed to help all students in grades 6–8 demonstrate mastery of state standards in ELA and math.

Edgenuity Virtual Tutors offer students preparation for end-of-course and exit exams, as well as the SAT®, ACT®, PSAT™, GED®, HiSET®, and TASC™ test.

VIRTUAL INSTRUCTION

Edgenuity Instructional Services offers standards-aligned online courses taught by highly qualified, state-certified virtual instructors. Our curriculum and instructional model have been reviewed by the NCAA and found to meet their requirements for online courses.

PROFESSIONAL DEVELOPMENT AND COACHING

Our full suite of professional development offerings provides targeted product training in an engaging and interactive environment. With flexible delivery options and success support visits throughout the school year, our team can help you meet the unique needs of your implementation, school, or district.
