Odyssey™ and CompassLearning High School™ are no longer available for new implementation but are supported by Edgenuity. Network requirements within this document should be applied for these products.

- 1 Please allow third-party cookies within browser. Chrome browser versions 42 or later may not allow functionality for some plug-ins. As of April, 2017 Microsoft Vista™ is no longer a supported operating system by Microsoft.
- 2 A slow internet connection will affect the performance of multimedia elements found in the Hybridge or Pathblazer content.
- 3 All instructional computer stations will need sufficient network-user permissions to ensure full functionality when using certain plug-in applications
- 4 Android™ tablets, smart phones, and smart watch devices are not supported.
- 5 Certain tasks and teacher-created Authentic Tasks require Internet access. In the interest of security standards and IT best practices, Edgenuity recommends you ONLY whitelist URLs to which your users need access, and only when access is needed. Some content filters, web proxies, and/or classroom management software may also require additional white listing within your network.

Some software products marketed by Edgenuity and its distributors contain proprietary software components of other software vendors. Windows is a registered trademark of Microsoft Corporation in the United States and other countries. Mac, Mac OS, Safari, and iPad are registered trademarks of Apple Inc. Firefox is a registered trademark of the Mozilla Foundation. Google, Chrome, Chromebook, and Android are trademarks of Google Inc. Acrobat Reader is a registered trademark of Adobe Systems Incorporated in the United States and/or other countries.
