

Business Management and Administration

Business management skills are needed in almost all career choices.

A strong understanding of business computer applications, business information management, skills for working in a business environment, and managing business documentation and projects are all important skills for entering business careers.

Imagine Edgenuity® offers courses designed to prepare students for a variety of careers in business. Students have access to a broad set of courses, including course sequence options mapped to national career pathways and the knowledge and skills addressed by industry-recognized certification exams.

Entry level salary range:
\$33,450 - \$96,940**

Recent research shows that participation in a high quality CTE program boosts the probability of on-time graduation from high school by 7 to 10 percentage points.¹

Rigorous, engaging, career-relevant course design

Imagine Edgenuity CTE courses introduce students to industries and careers focused on managing businesses and business administration responsibilities while providing opportunities for students to deepen their understanding of the course material by applying academic and technical skills to real-world tasks and learning experiences. Course content focuses on objectives directly related to relevant certification exams and incorporates current technologies and practices.

The career focus provides students with a sense of direction that motivates students to stay in school and succeed. Imagine Edgenuity's CTE courses prepare students for work in these industries by helping them gain critical leadership, communication, teamwork, problem-solving, and interpersonal skills needed to succeed in the world beyond high school. By providing a clear context for learning, Imagine Edgenuity ignites student interest and helps students make informed decisions about their future.
