

Tablet Device Usage Overview

Most Edgenuity courses will run seamlessly on tablets. The information in this document contains details on using Edgenuity with tablet, including a complete list of courses that are and are not tablet-compatible.

The following devices are supported when accessing and using Edgenuity.

Device Type	Device Examples	Operating System
Apple® iPad®	iPad 3 iPad 4 iPad mini™	iOS 6.x
Android™ Tablets	Google Nexus™ 10 Samsung Galaxy Tab® 3 Asus™ Transformer Pad TF300	4.1 (Jelly Bean or higher)^
Windows® Tablet	Microsoft® Surface™ Asus VivoTab™	Windows RT

^The Android operating system is supported by Edgenuity, but the Android browser is not. Android users should download and only use the Chrome™ browser to access Edgenuity.

Example devices listed above have been tested by Edgenuity. Other devices not listed may be used providing they meet the minimum requirements.

Bandwidth

Because Edgenuity courses run on a web-based platform (as opposed to stand-alone apps), a minimum of 256 kbps per concurrent user on school Wi-Fi with an Edgenuity Media Appliance is recommended.

Without access to an Edgenuity Media Appliance, a standard 3G connection or 1.5 Mbps per concurrent user is recommended.

Course Compatibility

Edgenuity's curriculum suite includes some courses and components originally published by other companies. As a result, some courses are not tablet-compatible.

Some third-party activities in Edgenuity courses rely upon Adobe® Flash®, Adobe Shockwave®, and Java®, making these courses only partially tablet-compatible. The following section indicates which Edgenuity courses are tablet-compatible.

Feature Compatibility

Secure Station, the Edgenuity feature that allows administrators to limit user access to certain computers, will not run on tablets. In addition, the Edgenuity highlighter feature is not tablet-compatible.

Fully Tablet-Compatible Courses

Almost all of the activities in these courses are tablet-compatible. However, any projects or performance tasks must be completed on a computer and uploaded to the system. File upload is not supported on tablets.

Advanced Placement®

- English Language & Composition
- English Literature & Composition
- Human Geography
- Psychology
- World History

Career Electives

- Career Explorations
- Career Planning & Development
- Computer Applications: Office® 2007*
- Computer Applications: Office 2010*
- Health Science Concepts
- Introduction to Health Science
- Introduction to Information Technology
- Microsoft Office Specialist*
- Medical Terminology
- Nursing Assistant*
- Pharmacy Technician*

English Language Arts

- Classic Novels & Author Studies
- Expository Reading and Writing
- IDEA Writing
- Introduction to Communications & Speech
- Language Arts 6*
- Language Arts 7*
- Language Arts 8*

- Economics*
- Human Geography
- Modern World History*
- MS Civics, Government, & Economics
- MS U.S. History
- MS World Cultures & Geography
- MS World History
- Survey of U.S. History*
- Survey of World History*
- U.S. Government*
- U.S. History I*
- U.S. History II*

Partially Tablet-Compatible Courses

The courses listed below contain Adobe Shockwave-based Gizmos or virtual labs that will not operate on tablets. These activities can be customized out of courses; alternatively, students can complete these activities on a computer.

Advanced Placement

- Environmental Science

Mathematics

- Financial Math
- Geometry
- Integrated Math I–III
- Mathematical Models with Applications
- Precalculus
- Trigonometry

Science

- Biology*
- Chemistry*
- Environmental Science
- Earth Science
- Life Science
- Physical Science*
- Physics

Test Preparation

- ACCUPLACER®
- ACT®
- COMPASS®
- GED®
- HiSET®
- SAT®
- TASC™

Non-Tablet-Compatible Courses

Some of the courses listed below incorporate Adobe Flash, Adobe Shockwave, and Java into major instructional course components. Others require students to complete projects that rely upon third-party software that is not tablet-compatible.

Advanced Placement

- French Language & Culture
- Spanish Language & Culture

Career Electives

- 3D Art I – Modeling
- 3D Art II – Animation
- Computer Science
- Digital Arts
- Engineering Design
- Introduction to Business
- Introduction to Entrepreneurship
- Personal Finance
- Projects in Audio Engineering
- Projects in Game Design

World Languages

- Chinese
- French
- German
- Latin
- Spanish

*Course includes activities with file upload that need to occur on a regular laptop or desktop computer.
