

# Giant Campus Academy™

Dear Students and Prospective Families,

Thank you for your interest in Giant Campus. Our school was founded on the belief that every student is an individual deserving of respect and understanding. Regardless of your background or future goals, we know that the path is curved and uneven. We're here to help you straighten it out and point you in the right direction.

With a variety of course options and diploma tracks, we can get you where you're going. Our approach serves a diverse population of students ranging from at-risk to honors. For students who have struggled in a traditional setting, we offer a credit recovery approach that allows them to close the gaps more quickly and get a diploma. For students who have felt held back, year-round schooling and go-at-your-own pace curriculum provide wonderful options for accelerated learning.

Our teachers and staff work with students proactively to intervene quickly when pacing, attendance, or grades slip. Our Concept Coaches are available on-demand via live chat software to help struggling students to grasp particular topics. If you plan to go to a four-year college or enter the military, please know that we are accredited by the Northwest Accreditation Commission (NWAC), an accreditation division of AdvancED®. Our course catalog covers a wide range of subjects including foreign language, career, and elective courses.

Giant Campus is committed to understanding you. We know that getting an education isn't easy, but working with your school to do so should be. We are ready to answer any questions you have before, during, or after enrolling with us, and we look forward to providing you (or your student) with a diploma at the end of your journey.

Thank you again for visiting with us, and we wish you all the best in your academic pursuits.
